About Telma

Established with the vision of intense focus strategy by attracting into our region and Saudi Arabia in particular pioneer companies and their niche products serving our valued partners in both Private and Governmental Sectors , We in TELMA are keen to be part of the Kingdom's Vision 2030.

TELMA has built a solid infrastructure supported by a team of dedicated professionals imbued with a strong passion for ensuring high levels of customer service and satisfaction. The team is supported by a strong management team with extensive local and multinational experience.

TELMA always focus on customers which is our first priority.

We make sure for our customers to provide them best solution, Quality products and timely deliverables.

We support each other by working together as a team and treating each other with the same importance we treat our customers.

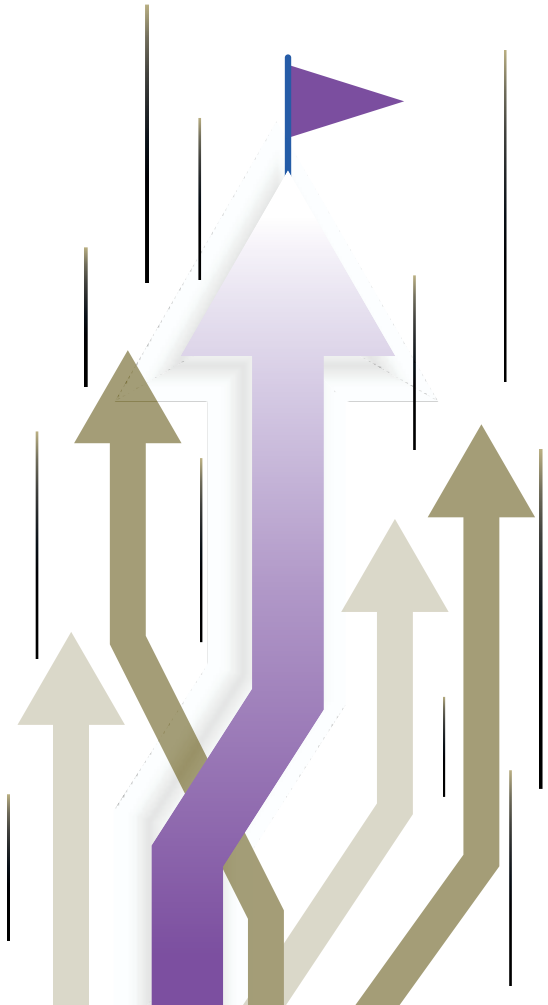

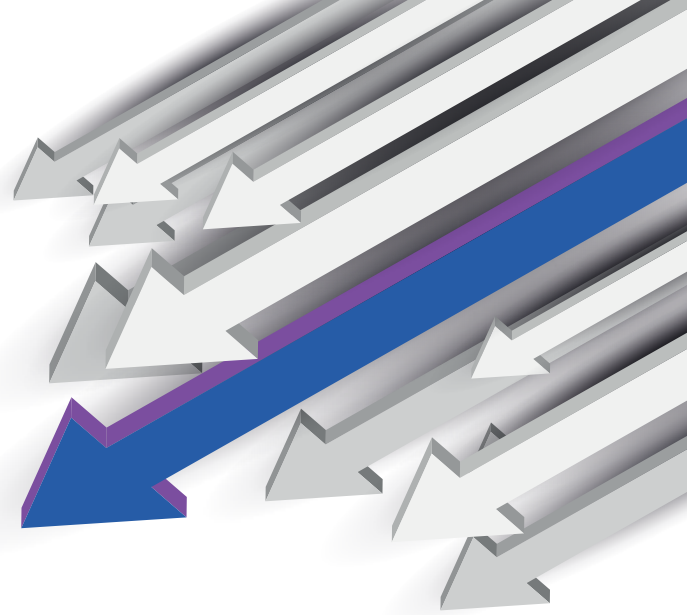

Mission & Vision

MISSION

To deliver quality, innovative, price sensitive products, services, and investment opportunities to ensure that we are the prime choice for customers and partners world-wide.

VISION

To become a leading Company that is recognized and respected worldwide, while being a key stakeholder of the Kingdom's 2030 Vision and a mainstay in the success story of its delivery.

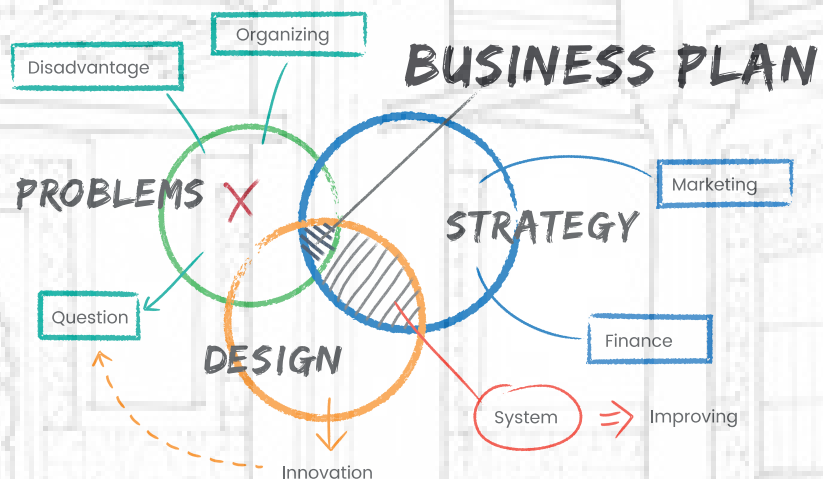

Our Strategy

We focus on the value and ethics, on base of which we can stand more emphasis about our company image & business activities.

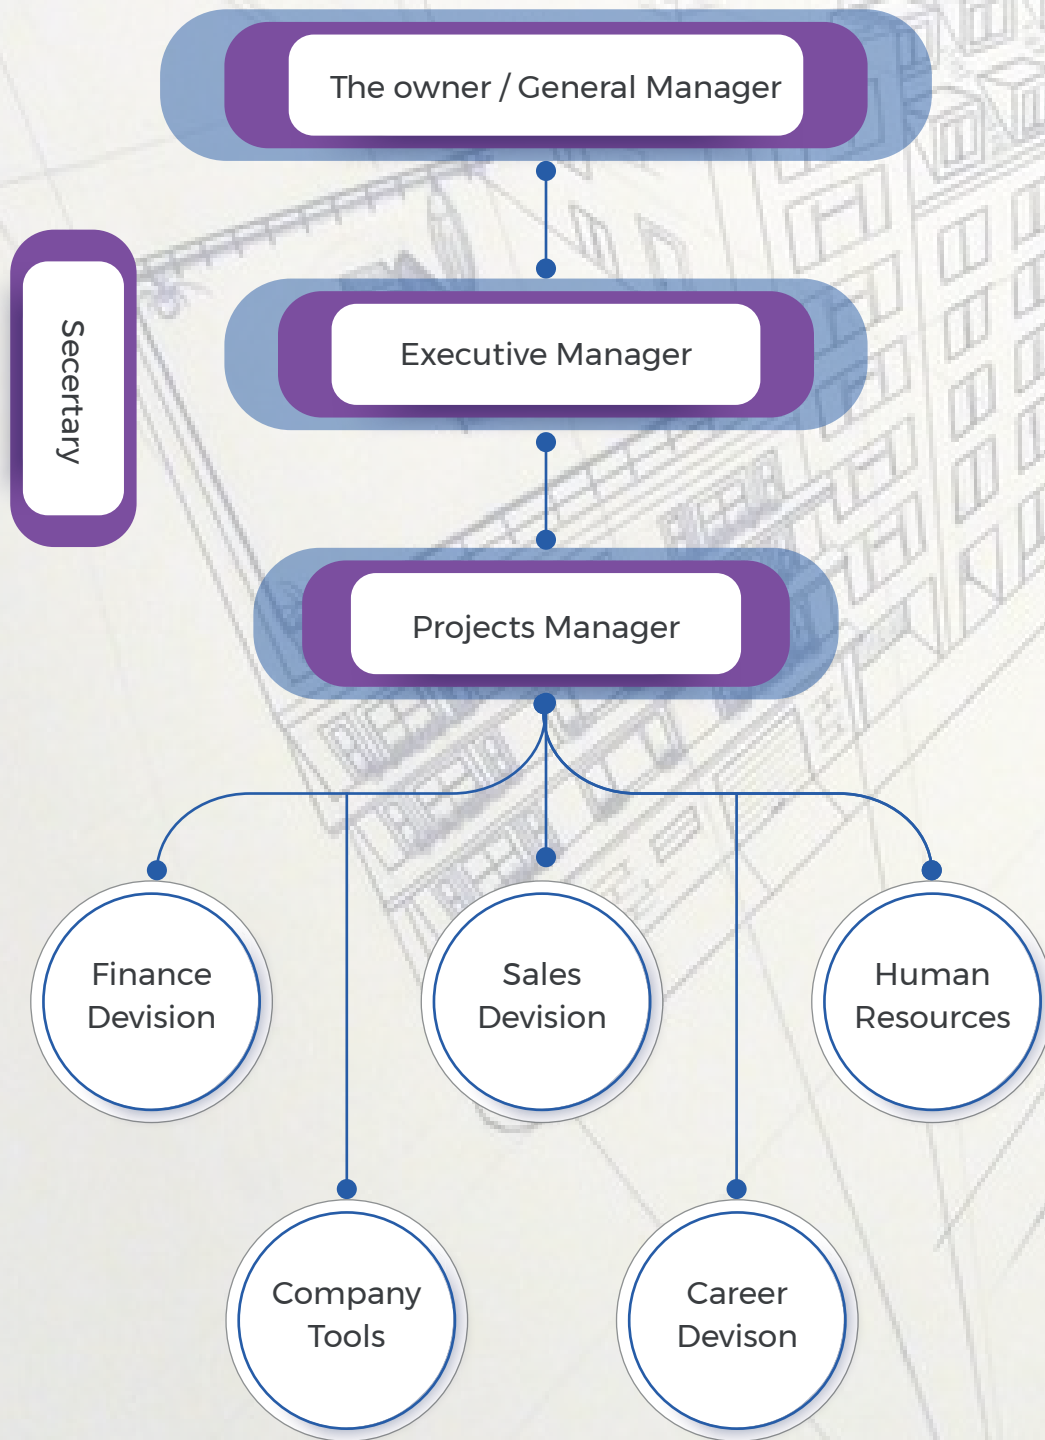

TELMA specifically tailor and focus its activities so as to ensure:-

- Comprehensive market penetration
- Development of unique client relationships
- Customer targeted prices
- Client Services

Here we are committing to our clients that TELMA set apart in crowded market place, also trying to establish the level of trust between Client & Supplier which is most important and critical to hold.
